# CONGRATULATIONS – THE SOLAR RETAILER YOU’RE DEALING WITH HAS MADE A STRONG COMMITMENT TO GOOD BUSINESS PRACTICES AND IMPROVING STANDARDS IN THE SOLAR INDUSTRY.

The Clean Energy Council Solar Retailer Code of Conduct is a way for solar businesses to show their commitment to responsible sales and marketing activities and solar industry best practice.

The code of conduct is a voluntary scheme for retail businesses selling solar panel systems to households and businesses. It aims to lift the bar higher than the minimum requirements set by government and regulations and bring about a better standard of service within the solar industry. It is also the only solar industry code of conduct authorised by the Australian Competition and Consumer Commission.

The Clean Energy Council manages the code of conduct and ensures that signatories comply with its strict requirements at all times.

## WHAT DOES THIS MEAN FOR YOU?

The company you’re dealing with has signed on to the Clean Energy Council Solar Retailer Code of Conduct. That means you will receive the following – and more:

- ✓ **assurance that the company has gone through a rigorous process to become an Approved Solar Retailer**
- ✓ a standard minimum warranty period of five years on your whole system
- ✓ **detailed information on the process between system installation and network connection**
- ✓ peace of mind that the company will adhere to all existing legislation and regulations, and that its sales representatives will act ethically and not engage in any dishonest or misleading tactics
- ✓ **many other quality and performance guarantees**

## LOOK FOR A CLEAN ENERGY COUNCIL APPROVED SOLAR RETAILER

A Clean Energy Council Approved Solar Retailer is a company that has signed on to the code of conduct and agreed to follow its requirements at all times.

Look for the Clean Energy Council Approved Solar Retailers logo when buying solar:

To see a list of current Approved Retailers, visit [approvedsolarretailer.com.au](http://approvedsolarretailer.com.au)

## HIGH STANDARDS

When you buy solar from a Clean Energy Council Approved Solar Retailer, you can be assured that you are buying a quality product from a company that follows all relevant consumer protection laws and is prepared to back the operation of your solar system for at least five years. The code also has strict requirements that companies must follow in pre- and post-sale activities, documentation and general business practices.

## WHY THE CODE?

The Clean Energy Council established the Solar Retailer Code of Conduct in 2013 on behalf of the solar industry to improve customer service and industry standards. The Clean Energy Council already upholds industry standards for solar installations through its installer accreditation program.

The establishment of the Solar Retailer Code of Conduct means that the solar retail sector will also be monitored, and in particular companies that engage in misleading or poor sales and marketing practices.

# CLEAN ENERGY COUNCIL APPROVED SOLAR RETAILERS WILL:

## PRE-SALE

- ensure that sales representatives act ethically at all times
- not engage in any dishonest or misleading advertising and sales tactics
- provide you with the necessary information in writing to enable full education about your purchase prior to entering into a contract

## POST-SALE

- respect your legal rights relating to cooling-off periods and refunds and give you the opportunity to cancel a contract and obtain a full refund where changes are made after contract that are not approved in writing
- provide a standard minimum warranty period of five years, on the operation and performance of the whole solar system including workmanship and products, and address any problems arising during this period
- fully inform you of the process between system installation and network connection or will facilitate this process on your behalf

## DOCUMENTATION AND GENERAL BUSINESS

- ensure that you are provided with the required documentation before and after the solar system is installed
- adhere to all existing legislation and regulations, and maintain effective internal cancellation procedures
- be fully accountable for the actions of any subcontracted parties, including CEC-accredited installers/designers
- maintain a fair and transparent complaints process, and get back to you within 21 days of you making a complaint

## DEALING WITH COMPLAINTS

Should you need to make a complaint against a company identifying itself as a Clean Energy Council Approved Solar Retailer, you should first contact the retailer

If you are not satisfied with the response from the Approved Retailer, you can also contact your relevant consumer protection organisation. You can also register your complaint with the Clean Energy Council, which will investigate breaches of the code. This may result in the retailer having its approval revoked.

For more information on dealing with complaints please visit [approvedsolarretailer.com.au](http://approvedsolarretailer.com.au)

# BECOME A CLEAN ENERGY COUNCIL APPROVED SOLAR RETAILER

# WHY YOU SHOULD BECOME AN APPROVED SOLAR RETAILER

## NEW BUSINESS OPPORTUNITIES

The Clean Energy Council's list of Approved Solar Retailers is the first port of call for many customers looking to buy solar. The Clean Energy Council works closely with governments and buying groups to create exclusive tender opportunities for Approved Solar Retailers.

## STAND OUT FROM THE COMPETITION

As well as being listed on the website, Approved Solar Retailers can display the Approved Solar Retailer logo – a recognition of quality that distinguishes your company in the marketplace. Once you have been accepted as an Approved Solar Retailer, you will receive a package of marketing material to help you promote your business to consumers.

## GIVE YOUR CUSTOMERS CONFIDENCE

Being an Approved Solar Retailer gives customers the confidence that you supply quality products, comply with consumer protection laws and will back the operation of your systems well into the future. Customers can be safe in the knowledge that you have been through a rigorous screening process and are committed to ethical business practices.

## BOOST THE REPUTATION OF THE PV INDUSTRY

By becoming an Approved Solar Retailer, you will help to increase the level of trust in Australia's solar PV industry.

## TESTIMONIALS

“Since we signed on to the Code, traffic to our website has increased. The Clean Energy Council's Approved Solar Retailers website is our highest referral site every month. We love being an Approved Solar Retailer. We put that logo on all of our collateral and tell all of our customers about it.”

**Jenny Paradiso,  
Managing Director,  
Suntrix**

“It gives us exposure through the Clean Energy Council website and through some of the marketing and branding of the Approved Solar Retailer program, so it gets our name out there into the industry and to our customer base. We would like for the whole solar industry to strive for that standard, but at the moment, it allows us to prove to our customers that we go one step above what some of our competitors may do.”

**Eddie Springer,  
Project Manager,  
Springers Solar**

# THE SOLAR RETAILER CODE OF CONDUCT

**ALL APPROVED SOLAR RETAILERS AGREE TO ADHERE TO THE CLEAN ENERGY COUNCIL'S SOLAR RETAILER CODE OF CONDUCT, WHICH IS AUTHORISED BY THE AUSTRALIAN COMPETITION AND CONSUMER COMMISSION. SOME OF THE MAIN REQUIREMENTS OF THE CODE INCLUDE:**

- ensuring that sales representatives act ethically at all times
- not engaging in any dishonest or misleading advertising or sales tactics
- upholding consumers' legal rights relating to cooling-off periods and refunds
- providing a minimum five-year warranty covering the operation and performance of the entire PV system
- providing consumers with all required documentation after the PV system is installed
- having a fair and transparent complaints process
- adhering to all existing legislation and regulations
- complying with all code administration, compliance arrangements and breach of code procedures, including payment of an annual fee.

## HOW TO APPLY

- 1** Visit [approvedsolarretailer.com.au](http://approvedsolarretailer.com.au)
- 2** Read the Solar Retailer Code of Conduct to ensure you meet the requirements
- 3** Apply online with the required documentation and pay the application fee
